Business

DELTA BRAINS

We provides outsourced software development services to international software companies through **managed development teams**.

We are able to implement solutions from the concept phase to development of traditional application, or serverless cloud-based system.

Managed Development Team

Start small, with the support of our whole organisation.

Delta Brains provides managed software development services tailored to your project, combining software developer, tester engineer, cloud engineer and essential security assessments.

Our starting monthly package includes:

- **Engineering capacity equivalent to one full-time engineer**, allocated across these areas according to your project's needs.
- **Team management and technical supervision that scale with your engineering capacity**, with an additional 0.125 man-month of management support for every 1.0 man-month of engineering.

Every engagement is backed by our ***quality*** and **information security processes**, with senior management oversight.

Start with one monthly package and scale up as your needs grow.

Voice of the Customer

DELTA BRAINS

Voice of the Customer

"As a company in the self-ordering business, we consider Delta Brains an indispensable partner, having worked together for nearly ten years.
Communication is clear and straightforward, making offshore collaboration feel seamless. The quality of their work consistently exceeds our expectations, providing strong support for our business growth. We also have great confidence in their ability to respond effectively when issues arise.
With both technical expertise and outstanding personal qualities, Delta Brains is a partner we look forward to working with for many years to come."
IGREK Communications, Inc, Osaka, Japan

"Working with Delta Brains on our healthcare platform was a game-changer for our startup. They didn't just write code—they had the experience and truly understood the strict industry requirements, workflows, and how frontline staff actually use the software. Every deadline was met, communication was crystal clear, and the system has run seamlessly since launch"
Mr Tommy Dam CEO of Carelogix Pty Ltd, Sydney, Australia
